Thanks Nick,

Can you place these in the folder z_regulatory preamble & text which is located under reg working documents on the sharepoint. You can try this link

too.

Kathy,

As promised, here are my initial attempts at drafting reg text and preamble for partial assumption. After reading through the CFR sections and getting a better understanding of the assumption process, I've tried to identify some additional requirements in the regulations beyond what we've previously discussed. These documents probably a little rough since I haven't done this before so if you get a chance to look at them let me know if you have any thoughts. I will do my best to make any edits that you need before my last day.

Nick
